## MAIL BID LIST #6

CLOSING

1983

This auction features items from the Western United States including the invitation to hear a lecture by Buffalo Bill (shown on the address page). Three personal checks signed by San Francisco's Adolph Sutro are presented along with a number of other checks from Nevada localities and merchant tokens from that state. Two token dies, an assortment of Masonic Lodge Mark Pennies and other fraternal pieces can be found.

Militaria collectors should look for the unlisted early 6th Infantry aluminum piece. Sales Tax Token collectors will find one of the Cessna 26¢ tokens in that section. Consignments from Mexico and Puerto Rico feature hacienda tokens. The German section contains several of the porcelain Notgeld coins. Following in the steps of Dick Grinolds and his professional list, there are a substantial number of worldwide transport tokens including one of the Hamburg Ferry tokens and a small collection of Brussels amusement ride pieces, mostly unlisted.

Descriptions are of necessity brief and ~~enclosed~~ <sup>enclosed</sup> to token collectors. Sizes are in millimeters, and metal pieces are considered to be round <sup>26 mm</sup> unless otherwise described. Metals are shown as Al, Br, Cop, Mkl or <sup>Brass</sup> Pl(as). Parentheses are used and means that the information enclosed <sup>in parentheses</sup> is not usually found on the token. Catalog numbers are also used (K#22) <sup>in parentheses</sup> referring to the most standard work in any field. <sup>largely</sup> Feel free to write <sup>in</sup> if you wish to know which. Dollar values (\$25) in parentheses mean the <sup>last</sup> estimated market value and/or most recent known auction sale price. "MB" <sup>last</sup> with the dollar value means a "reserve" or "minimum bid" e.g. (MB\$25). <sup>and</sup>

1. Col. W.F. Cody. This should be of interest especially to collectors of Nebraska historiania. It is a white card, about 4 $\frac{1}{2}$  x 7 inches, somewhat faded and lightly discolored with faint soiling marks. It has been bent in half and the outer side reads in pencil, "J.R. KISER." Rather than an actual invitation this piece was probably distributed to advertise the meeting in Oglala. It notes at the bottom -- TICKETS, \$2.50. 1888 was well into Buffalo Bills career as a showman, having left behind his work as an Indian Scout at least a decade before. Other speakers featured are General Henry A. Morrow and the Governor of Wyoming. Condition Ex. Fine (MB\$25)

## TOKEN DIES

2.

3.

JULIO SANCHEZ L., GOOD FOR 5¢ AT SAN FRANCISCO, a BAR, a reverse die for a 21mm token in perfect condition. No light corrosion token of this type in area of word is listed either by Album or Kapp (MB\$12).

## PERSONAL CHECKS OF ADOLPH SUTRO

The three checks listed were drawn on the Wells-Fargo Bank in San Francisco in 1889, 1890 and 1896, somewhat more than ten years after he sold his holdings in the Sutro Mine Drainage Tunnel. That project had taken more than a decade to promote and dig in order to drain the Virginia City, Nevada, silver mines into the desert near Dayton, Nevada. By these dates he had successfully reinvested his profits and fortune into San Francisco real estate and most historical references have him owning "one-twelfth of San Francisco" at one time. The last check listed was signed in 1896 as his single and undistinguished term as the city's Mayor drew to a close.

BIDDING BY TELEPHONE? My number is 1 (415) 648-8634. The best hours to reach me are 7-9 a.m. and 1-5 p.m., Pacific Time. However, the least expensive and most certain means to bid is by mail, even if only on a Post Card. Many times I am not available. At other times you may get my answering machine. If the machine and telephone company are in good operating condition that day you may be lucky and be able to leave a message. But it has happened that I did not get the message. So, there is some risk in using the phone. I want to help you to keep your expenses as low as possible as well as mine.
